MEMORANDUM FOR: [REDACTED]

SUBJECT: USIB-D-46. 4/35, 20 March 1970

25X1A

1. [REDACTED] advises me that General Bennett is discussing the annexed guidance for coverage of Cuba with General Wheeler this week. It is expected that General Wheeler will approve the COMIREX position. If so, there will be complete concurrence on the part of everybody concerned.

2. It would seem to me that we could use approval of this paper for the purpose of closing off the NIRB agenda on Cuba. Subject to General Reynolds' views, I would suggest that we notice it for early consideration by the NIRB as soon as General Wheeler's position is known.
